## INDEPENDENT ARCHITECTURE LAB

Architetti Artigiani Anonimi celebrates  
the most spontaneous and authentic expressions of living  
while supporting and promoting  
Italy's unique cultural and productive identity.

Architects are defenders, cultivators and ambassadors  
who maintain the authenticity of each space  
by uniting fine craftsmanship with cultural context  
rooted in tradition.

Architecture on every scale is an expression  
of place, time, history and collective culture and  
is inextricably tied to its local context  
rather than being used as a propaganda tool.

The mission is to create projects  
that are born out of an intimate exchange between  
our studio, our clients and each local context.

Drawing inspiration from this,  
we aspire to always deliver different results,  
becoming almost unrecognizable in the scope of our work  
... even "anonymous architects"!

Architetti Artigiani Anonimi is  
an architecture, interior and product design studio  
founded in Amalfi by Annarita Aversa.

# MEDITERRANEO

THE INTERTWINING ART

Traveling between the villages of  
the Greek islands,  
the Mediterranean Collection  
adds a contemporary touch  
to the magical simplicity  
and refined serenity  
of typical furniture  
found on the Greek islands,  
crafted by anonymous designers,  
substituting  
interlacing straw techniques  
with woven artisanal ropes.

# PARTENOPE

## THE MARQUETRY TRADITION

The Partenopeo Collection  
revisits the aesthetic  
of classical furniture  
through a contemporary lens  
and reworks the renowned  
inlaying technique  
that was widespread  
at the end of the 19th century  
in Sorrento,  
a craft still practiced  
by a few artisan masters.  
The project  
aims to preserve and promote  
the cultural and productive  
heritage of our country.

# PENTAGRAMMA

COMPOSE YOUR STAVE

Pentagramma is  
a shelving system  
that organizes and displays  
your personal belongings,  
thus becoming  
its own work of art:  
an intimate portrait  
of your home and objects.

The project  
draws inspiration from  
Alessandro Mendini's exhibition  
"Quali Cose Siamo?"  
(Triennale di Milano, 2010).

# STAIRS

## LIBRARY SYSTEM

Stairs is  
a versatile  
wooden library system  
that is born  
out of the desire  
to maximize the amount  
of shelf space available  
while giving each book  
its proper space on display.

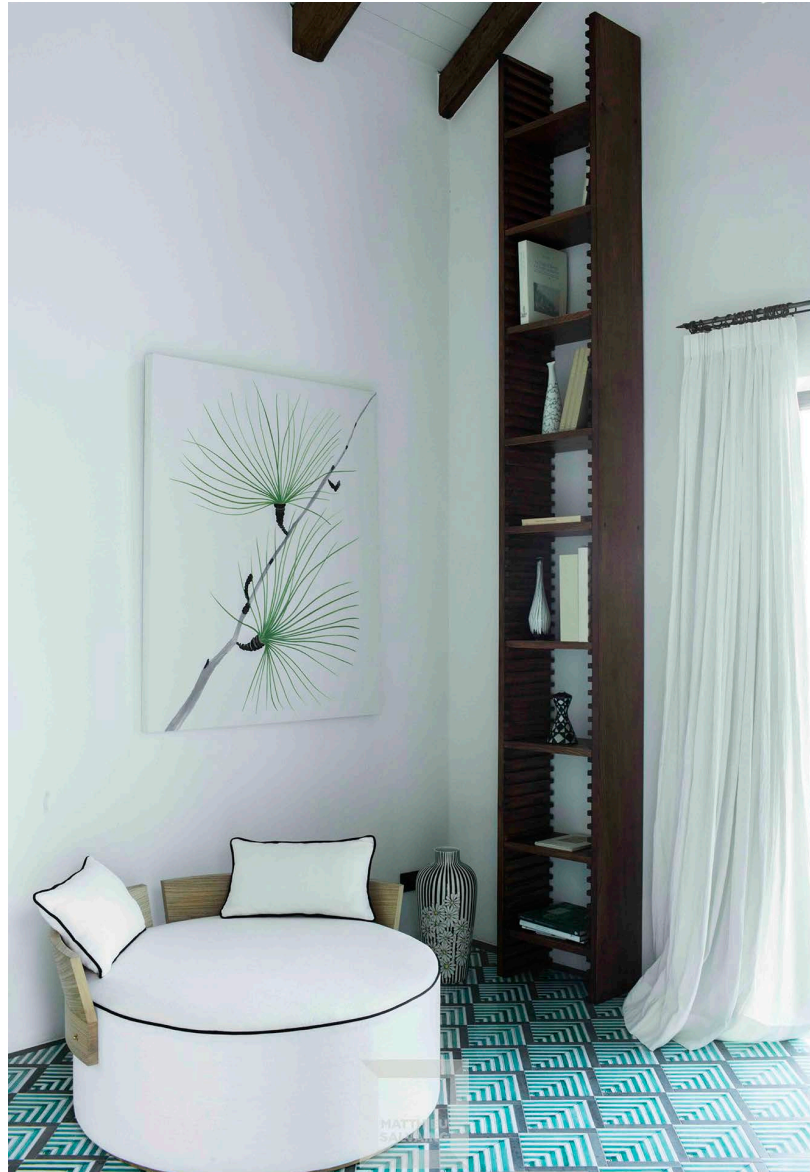

It features  
movable shelves  
so you can easily adapt  
the layout  
to suit your needs.

# PARTENOPEO

## NOTEBOOKS

Partenopeo  
is a collection of notebooks  
conceived as a tribute  
to Neapolitan  
culture and tradition.  
The notebooks  
feature the iconography  
of Neapolitan playing cards  
and are printed on  
"Carta d'Amalfi",  
hand-pressed paper  
produced in  
Amalfi's historic  
paper mills.
